Subject: Testimony of David Lossing, Chair of the Shiawassee River Water Trail Coalition

Dear Chairwoman Hughes,

As the Village of Chesaning, Township of Chesaning and Village of Oakley designee to the Shiawassee River Water Trail Coalition (SRWTC), I am writing this to request your assistance in gaining recognition for the eighty-eight mile stretch of the Shiawassee River, beginning in Holly, MI and extending to Chesaning, MI, as a National Water Trail in Michigan. The three above mentioned entities, Chesaning, Chesaning Township and Oakley, have all expressed their support of HR 230 by the House Outdoor and Tourism Committee and the House of Representatives and sincerely hope that the U.S. Department of the Interior will make the Shiawassee River National Water Trail a reality.

Respectfully,
David Richardson

Subject: HR 230 Resolution in support of Shiawassee River Trail

Dear Ms. Weipert:

We appreciate you sharing our comments at the Hearing on State Representative Ben Frederick's Resolution in Support of the Shiawassee River Water Trail.

Chesaning Township in Saginaw County supports House Resolution 230 and we are thrilled to be a part of the coalition and application process for designation of the Shiawassee River to become a National Water Trail in Michigan. The community of Chesaning has regularly participated in river clean-up, quality control, and other activities through the Friends of the Shiawassee River. Your needed support will be very beneficial to our application process. Thank you.

Cathy Gross
Chesaning Township Treasurer

Robert Corrin
Chesaning Township Supervisor

Dave Richardson
Chesaning Parks Representative
